Design Systems & Accessibility: Design Systems, Design Tokens, Component Libraries, DesignOps, Accessibility (WCAG 2.1), Information Architecture, Interaction Patterns

Research & Validation: User Research, Usability Testing, A/B Testing, Competitive Analysis, Customer Journey Mapping, Personas, Design Critique, Design Thinking

Leadership & Delivery: Design Leadership, Design Governance, Agile/Scrum, Sprint Planning, Stakeholder Management, Product Roadmap, Mentoring, Cross-functional Collaboration

PROFESSIONAL EXPERIENCE

Lead Product Designer (UI/UX, Design Systems & Accessibility) | Financial Software & Systems (FSS) | Jan 2020 – Present

Global payments & banking technology company serving 100+ financial institutions. Products: UPI Platform, eSign Platform, Payment Gateway (CMS), Mobile Banking Applications, Internet Banking Platforms.

- Architected and maintained a Figma component library with 80+ reusable components, design tokens, interaction patterns, and style guides across 5 enterprise banking clients; applied DesignOps and governance to cut design-to-dev handoff time by ~30%.
- Led UX strategy and end-to-end product design for UPI and eSign platforms; used personas, competitive analysis, and A/B testing to reduce drop-off at key payment flows by an estimated 20%.
- Delivered WCAG 2.1-compliant, accessibility-audited interfaces for TMB, Bank of Baroda, UCO Bank, Union Bank, Du Telecom, and FSS payment gateway.
- Managed a team of 3–4 designers; led design reviews and contributed to product roadmap planning; mentored 2 junior designers to independent ownership within 12 months.
- Introduced AI-powered research tools (Attention Insight, Maze AI) into discovery, reducing usability testing cycles from 3 weeks to 10 days.
- Applied AI-assisted ideation, rapid experimentation, and AI-supported UX workflows to accelerate exploration of emerging product concepts.
- Collaborated directly with PMs, engineers, and C-suite stakeholders to align design decisions with product strategy, business KPIs, and regulatory requirements.

Senior Product Designer (UI/UX & Design Systems) | Financial Software & Systems (FSS) | Aug 2015 – Dec 2019

- Designed pixel-accurate digital banking interfaces for 3 PSU bank clients; translated business requirements into polished visual interfaces.
- Introduced design sprint methodology, reducing wireframe-to-prototype time from 2 weeks to 4 days on key feature releases.
- Built visual component libraries and UI pattern sets for UPI-related flows and collaborated with developers to reduce QA revision cycles by ~25%.

Senior Graphic Designer | Teamwork Tech Knowledge | Sep 2012 – Jul 2015

- Created brand identities, visual assets, and print collateral for 10+ businesses across retail and services sectors.
- Applied visual storytelling to simplify complex B2B product messaging for client pitches and campaigns.

- Managed multiple concurrent client projects and coordinated directly with stakeholders.

Senior Graphic Designer | Dreamzone Pvt. Ltd | Aug 2011 – Sep 2012

- Designed UI mockups and visual assets for EdTech clients, supporting 3 product launches.
- Ran design sprints and collaborated with developers and product leads to ensure design fidelity from concept to launch.
